SUMMARY

Dedicated **web developer** with a strong foundation in frontend development, progressively expanding expertise into **machine learning**. Possessing a solid grasp of computer science fundamentals, including **data structures and algorithms**. Skilled in web development, machine learning libraries & frameworks and git-based workflows. Seeking a job role to leverage expertise and contribute to impactful projects.

WORK EXPERIENCE

Final Year Project

Present

ATS Tracking System With AI integrated Resume building .

- Working on a user friendly interface for professional resume building application. (**resume pro**)
- **Utilizing React js for responsive web design and fire base for backend**
- **Implemented Gemini-1.5 flash for ai integration and ats score tracking**

Technical Team Member | Robotics and Automation Wing,
Government College of Engineering, Keonjhar

2022-Present

PROJECTS

Video Streaming Platform (React js)

Built a full-stack React.js application replicating key functionalities of a popular website. Focused on creating a fully responsive and user-friendly interface, utilizing Firebase for secure backend management with routing and user authentication.

- **Programming Languages: JavaScript, (for potential backend integrations)**
- **Frameworks: React, Vite, Express.js, MongoDB**
- **Database: Firebase**

Weaver Welfare Application (Frontend web app)

A crowd-funding web application. Provides a platform for individuals to create fundraising campaigns and for donors to contribute to their cause.

- **React.js for building the user interface**
- **Vite for rapid development**
- **Styled Components for Styling**
- **Vanilla JavaScript for core functionalities**

EDUCATION

Government College of Engineering, Keonjhar

2021 - 2025

Bachelor of Technology - Computer Science & Engineering | **Aggregate CGPA: 8.7**

TECHNICAL SKILLS

PROGRAMMING LANGUAGES

- HTML
- CSS
- JavaScript
- Python
- C, C++

LIBRARY

- REACT JS
- EXPRESS JS
- Node js

DATA BASES

- Oracle
- MongoDB
- Firebase

SOFT SKILLS

- Communication
- Problem-Solving
- Public speaking
- Team management

VERSION CONTROL

- git
- git hub

DATA ANALYSIS

- NumPy
- Pandas
- Matplotlib

DATA WRANGLING & CLEANING

Experienced in data manipulation techniques

MATHEMATICS & STATISTICS

ACHIEVEMENTS

Qualified GATE CS & IT' 2024

Achieved a score of 342 in the Graduate Aptitude Test in Engineering (GATE)
